Paslanmaz ve Alüminyum Aksesuar

HAKKIMIZDA...

Ankara'da bulunan firmamız küpeşte aksesuarları üretimine başlayan firmamızı Türkiye'nin en kaliteli ürün üreten firmalarından biri haline getirebilmek için önceliğimizi kaliteye ayırdık. Politikamızdaki kararlılığımız bizleri hak ettiğimiz seviyeye getirdi.

Gerek kalitemiz, gerekse ürün çeşitliliğine verdiğimiz önem, bizi rakiplerimizden ayıran en önemli özelliğimizdir. Bugün tasarım departmanımızın hızı ile tasarımları sadece bize ait ürünlerin yanı sıra piyasadaki oturmuş tasarımları uygun Pazar fiyatları ve mümkün olan en kısa sürede siz müşterilerimize sunmaya ve sizlerin katkısıyla da size daha iyi hizmet vermek için aynı heyecanla çalışmaya devam ediyoruz.

Sadece paslanmaz ve alüminyum küpeşte aksesuarları ile sınırlı kalmayarak, müşterilerimizin ihtiyaçlarını doğru bir şekilde tespit edip, piyasa koşullarına uygun her türlü profil, kompozit panel, ham pleksi, yarı mamul veya mamul ürünler ve ihtiyaç duyulabilecek diğer malzemeleri de temin edebiliyor olmamız bizleri rakiplerimizden üstün kılmaktadır.

Yeni teknolojilere verdiğimiz önemle, başlangıçta az sayıdaki makine parkımızı arttırarak hem üretim kapasitemizi artırdık, dolayısıyla termin sürecimizi kısalttık, hem de en son teknolojiye sahip makineler ile hata ve fire oranlarımızı minimum seviyeye indirerek kalitemizi daha da arttırmış olduk.

Dün ve bugün olduğu gibi, gelecekte de sağlam temelli ve uzun soluklu işbirliği temennilerimizle...
